

Opěrná stěna - 55,8 bm

The drawing illustrates the reinforcement details for a retaining wall. It includes three views: a plan view (top left), an elevation view (center), and a section view (right).

- Plan View (Top Left):** Shows a rectangular reinforcement plate with dimensions 1.32m by 1.32m. It is labeled with a circled '1' and the text '225 \varnothing 8 (3.50)'. Corner dimensions of 32 and 11 are indicated.
- Elevation View (Center):** Shows the wall structure with a vertical reinforcement bar (labeled '2' and ' \varnothing 10/25') and horizontal reinforcement bars (labeled '3' and '2 \varnothing 12'). The wall thickness is 220mm. The reinforcement is spaced at 400mm (labeled '4' and '4+4 \varnothing 8/25'). The wall height is 55.8m (labeled '55,8').
- Section View (Right):** Shows the wall cross-section with dimensions 220mm by 1100mm. It is labeled with a circled '2' and the text '225 \varnothing 10 (3.80)'. The wall height is 1.57m (labeled '1.57').
